Doing Fall Protection Differently.

Who is Bettersafe International?

We are specialists in working at height. Nothing else. No dilution, no separation, no compromise.

With over 40 years of experience within our walls we offer our partners high quality, industry leading fall protection equipment and unique solutions. Couple this with extensive training courses, exceptional quotation and technical support, and a very rapid response to required solutions, you have a winning formula to partner with.

What does Bettersafe International do?

Fall protection. It's what we do at Bettersafe International. It's how we do it that is different.

Unlike the majority of suppliers our single focus is ensuring that you get the product you need when you need it. This is done through large stocks and an open ear. We are relaxed and responsive, we always answer our phones and we are always willing to assist in whatever means we can.

For far too long product developers have been listening to the market through the ears of manufacturers. The voices of the users, the installers, the safety managers and building owners seem to have been lost in the wind.

Bettersafe International are doing things differently. We are listening.

We work alongside development partners to ensure that the products we deliver you are already field tested and designed for the market into which they are being placed. We offer a product developed for the market into which it is to be used, and we price it to win. Simple as that.

Kingspan QuadCore KS1000RW

Specifications

Post Reference End / Corner	AL-1003-EC
Post Reference Intermediate	AL-1003-IN
Base Plate Material	Aluminium
Fixing Type	Rivet
Fixing Location	Crown fix
Number of Fixings	12 – 6 per side
Sealing Type	Sealant pads between plate and sheet
MBS	24.10kN
Design Load	12.05kN
Max Users	3

Kingspan QuadCore PowerPanel

Specifications

Post Reference End / Corner	AL-1003-EC
Post Reference Intermediate	AL-1003-IN
Base Plate Material	Aluminium
Fixing Type	Rivet
Fixing Location	Pan fix to "mini-crowns"
Number of Fixings	12 – 6 per side
Sealing Type	Sealant pads between plate and sheet
MBS	24.10kN
Design Load	12.05kN
Max Users	3

Kingspan QuadCore Lo-Pitch

Specifications

Post Reference End / Corner	AL-1003-EC
Post Reference Intermediate	AL-1003-IN
Base Plate Material	Aluminium
Fixing Type	Rivet
Fixing Location	Pan fix to "mini-crowns"
Number of Fixings	12 – 6 per side
Sealing Type	Sealant pads between plate and sheet
MBS	24.10kN
Design Load	12.05kN
Max Users	3

Kingspan QuadCore Topdek

Specifications

Post Reference End / Corner	AL-1001-EC
Post Reference Intermediate	AL-1001-IN
Base Plate Material	Aluminium with PC80 PVC Coating
Fixing Type	Toggle
Fixing Location	Align toggles with crown centres
Number of Fixings	4
Sealing Type	Sheet welded to coated plate
MBS	20.70kN
Design Load	10.35kN
Max Users	3

Kingspan QuadCore KS1000Zip

Specifications

Post Reference End / Corner	AL-1003-EC
Post Reference Intermediate	AL-1003-IN
Base Plate Material	Aluminium
Fixing Type	Rivet & Clamp on Bearers
Fixing Location	Clamp to Seams
Number of Fixings	12 rivets, 4 S-5 Z-Mini Clamps
Sealing Type	N/A
